## Application Guidelines

### INSTRUCTIONS FOR USE

1. Keep film stored in its original box until ready to use. Store under normal office temperature and humidity conditions.
2. Handling the film along the edges will avoid fingerprints on image area.
3. Fan the required number of sheets of film (as you would paper) to facilitate feeding.
4. Most color copiers/printers require that film be fed through the bypass of the machine according to its instructions. Film can be imaged on either side.
5. It is recommended to wait a few minutes after imaging to allow film to dry before handling.

### HELPFUL HINTS

1. Before printing final image test on economy grade paper for layout, placement and design.
