## 889.55 Dark Fabric Transfer

Solvent Inkjet (Eco, Mild, Standard Solvent, HS)

889.55 is a fabric transfer media specifically designed to create brilliant colorful images with a white background on black or dark colored fabrics. Best results can be obtained by transferring to a fabric consisting of 100% cotton. The dark fabric transfer is carried on a kraft release liner. This media can be contour cut with a print/cut device or a standard vinyl plotter.

Simply print image, cut and weed unwanted area, heat (press or iron) on black or dark colored 100% cotton fabric.

Feature	Advantage	Benefit
Fade resistant	Color stays brilliant after multiple washings	Durable, long lasting image
Versatile and easy to use	Print - cut - apply process	Save production time
Soft silky feel	Professional silk screen look	Natural "soft" cloth texture
Ability to be contour cut	Easily produce correct size transfer needed	Save time and media

**Basis Weight:** 175 gsm  
**Total Caliper:** 7.5 mil  
**Brightness:** 90 (min)

*See instruction sheet for more details*

1. Print positive image
2. Cut desired contour
3. Peel image off release liner and place on fabric
4. Place silicon transfer paper on top
5. Iron or use heat press
