

UVC Production Roll Media

Production Rolls - Designed in configurations for high volume, high production UV curable inkjet printers.

22150 - Light-Block Film 5 mil Gloss - This film has a grayback fused with the top bright white layer to provide 100% opacity or block-out.

Applications: Roll-up - Pop-up Displays, Trade Show Graphics, High Quality Signs

Caliper: 5 mil

Finish: Gloss

Sizes: 51" x 900 Linear Feet 6" Core

22180 - Light-Block Film 7 mil Gloss - This thicker version of the grayback is also 100% opaque and can be used when larger displays are required.

Applications: Roll-up - Pop-up Displays, Trade Show Graphics, High Quality Signs

Caliper: 7 mil

Finish: Gloss

Sizes: 36" and 51" x 900 Linear Feet - 6" Core

22340 - White Film 4 mil Gloss - This 4 mil film is an economical alternative to the grayback when 100% opacity is not needed.

Applications: Roll-up - Pop-up Displays, Trade Show Graphics, High Quality Signs

Caliper: 4 mil

Finish: Gloss

Sizes: 51" x 900 Linear Feet 6" Core

22270 - Clear Film 7 mil Gloss - This exciting product is the first truly optically clear film for digital applications. The haze is 2.5 and its high gloss surface is the perfect choice when a clear substrate is required.

Applications: Clear Overlays, Window Graphics

Caliper: 7 mil

Finish: Gloss

Sizes: 37" and 61" x 900 Linear Feet 6" Core

22450 - Backlit Film 5 mil Gloss - This exceptional backlit film has an exceptional opacity layer which ensures optimal light diffusion and bright whites when backlit. When printed with UV curable inks a density of 3.8 can be achieved.

Applications: Backlit

Caliper: 5 mil

Finish: Gloss

Sizes: 51" and 60" x 900 Linear Feet 6" Core

70900 - Latex Saturated Poster Paper - A latex saturated, wet strength paper designed to be pasted and posted for billboards.

Applications: Poster, Billboards, POS/POP

Caliper: 10.5 mil

Finish: Satin

Sizes: 61" x 1000 Linear Feet 6" Core (Finished Roll)

73686 - Gloss Poster Paper 8 mil - A wet strength, bright white paper designed to be pasted and posted for billboards.

Applications: Poster, Billboards, POS/POP

Caliper: 8 mil

Finish: Gloss

Sizes: 54" and 63" x 900 Linear Feet 6" Core

73689 - Satin Poster Paper 6 mil - A wet strength, bright white paper designed to be pasted and posted for billboards.

Applications: Poster, Billboards, POS/POP

Caliper: 6 mil

Finish: Satin

Sizes: 54" and 63" x 900 Linear Feet 6" Core
