

34849

Universal Clear Film with Removeable Side Stripe - GLOSS

4 mil

PRODUCT DESCRIPTION

34849 is an extremely clear 4 mil polyester film. The universal topcoat is designed to provide excellent print performance and still maintain the extreme clarity of the film. 34849 features a removeable side stripe for HP and other printers that search for the media edge before printing.

SPECIFICATIONS

FINISHING RECOMENDATIONS

Protect prints imaged with dye inks under glass or laminate to increase gas-fastness.
 Use low melt or pressure sensitive laminates to extend the life of the print and increase its durability.
 For best results use thinner and flexible laminates.
 Allow 24 hours for ink to cure before protecting image.

STORAGE CONDITIONS

Temperature 59o-86oF. (15°-30°C).
 Repack opened rolls when not in use.
 One year shelf life at conditions noted above.
 Allow material to stabilize to room conditions for 24 hours before use.
