

70769

Instant Dry / Microporous Photo Paper GLOSS 9 mil

PRODUCT DESCRIPTION

70769 is premium grade instant dry, super gloss finish photo paper. The bright white microporous topcoat means your prints will be instantly dry and water resistant. Wide color gamut and accurate skin tones are standard with all Arkwright photopapers, yet 70769 also boasts a super glossy finish for outstanding print quality resolution. 70769 is optimized for today's wide gamut pigment ink photo quality printers such as Canon, Epson and HP.

Lucia Pigment

FINISHING RECOMENDATIONS

Protect prints imaged with dye inks under glass or laminate to increase gas-fastness.
Use low melt or pressure sensitive laminates to extend the life of the print and increase its durability.
For best results use thinner and flexible laminates.
Allow 24 hours for ink to cure before protecting image.

STORAGE CONDITIONS

Temperature 59o-86oF. (15°-30°C).
Repack opened rolls when not in use.
One year shelf life at conditions noted above.
Allow material to stabilize to room conditions for 24 hours before use.
