

73604

Universal Scrim Vinyl - MATTE

15 mil

PRODUCT DESCRIPTION

73604 is a university compatible scrim, great for indoor as well as outdoor applications. Universal Scrim can be easily grommeted, sewn and laminated if desired. Once printed with pigment inks and allowed to dry, the media and inks are water fast and suitable for short term outdoor use.

FINISHING RECOMENDATIONS

Protect prints imaged with dye inks under glass or laminate to increase gas-fastness.
Use low melt or pressure sensitive laminates to extend the life of the print and increase its durability.
For best results use thinner and flexible laminates.
Allow 24 hours for ink to cure before protecting image.

STORAGE CONDITIONS

Temperature 59o-86oF. (15°-30°C).
Repack opened rolls when not in use.
One year shelf life at conditions noted above.
Allow material to stabilize to room conditions for 24 hours before use.
